DALY, PEARCE & GREEN

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

Castoria.

"Castoria is well adapted to children that I recommend it as superior to any prescription known to me." H. A. Arnold, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhea, Eruption, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., 125th Street and 7th Ave., New York City.

TOBACCO NOTES.

Many Wagon Loads Stand Out in the Rain.

The City Full of Country People Delivering Their Crops—a Big Pursuit on the Road.

It is estimated by competent judges that over one hundred wagon loads of tobacco stood out in the rain in Clarksville last night. These were wagons which came in yesterday from the surrounding country too late to unload last night. Many of the wagons had nothing over them except thin sheets and of course the tobacco was damaged by the rain.

The report runs that Vinegar Bottom was covered with wagons, from head to mouth, and that men stood out in the rain watching them all night to keep them as dry as possible. Be this as it may, the town was full of country people last night, and before day this morning a rush was made for the stemmeries. They have been very busy to-day unloading tobacco, and it is reported that considerable docking is being done on account of the water that fell on the tobacco last night. This work of delivering tobacco will go on as long as the present season lasts, and the farmers are going to have plenty of money for Christmas. Those who succeeded in getting their tobacco unloaded yesterday filled their wagons with goods this morning and left for home. The trade is just beginning to feel the effects of this tobacco movement, and it will get better as the season advances.

A prominent tobacco buyer said to a reporter this morning that more strips would be put up in Clarksville this season than for many years past, and he believed that it would possibly be the heaviest output in the history of the tobacco market.

E. H. Morrow came in from McAdow last night and reports a very heavy purchase in that section, amounting perhaps to 200,000 pounds. The LEAF-CHRONICLE has it from a pretty reliable source that this purchase averaged in the neighborhood of 9 cents per pound.

A Little Girl's Experience in A Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter four years old. Last April she was taken down with the Measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "bundle of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at Owen & Moore's.

WHY IS THIS?

Merchants on Franklin Street Complain At Gutter Cleaners.

The merchants on Franklin street are continually complaining at the way the street gutters are being cleaned. They say that every rain a man comes along and rakes the mud from the gutters, piling it up on the sides of the street, there to remain until wagons scatter it again. It appears to the LEAF-CHRONICLE that this is a useless expense for the taxpayers of the city. There seems to be no use in raking out gutters unless the mud is going to be hauled off. If these cleanings were halted away it would not take so much work to keep the gutters clean. The attention of the chairman of the street committee is again called to this work, with the hope that he will make a change in it for the better.

Farmers come fifteen miles to my store to get Chamberlain's Cough Remedy. Many of them, like myself, are never without it in their homes. I cured my boy of a very severe attack of croup and I believe saved his life—K. Dalton, Luray, Russell county, Kansas. This is a certain cure for croup and, if used as soon as the first symptoms appear, will prevent the attack. For sale by Owen & Moore, Druggists.

They Have Paid Up.

The New Era says the Democratic Executive Committee of Christian county held a meeting yesterday and paid all outstanding bills, contracted during the campaign.

Mrs. R. C. Rhes.

Of Milford, Neb., says she suffered greatly from a complication of diseases of female weakness and liver and kidney troubles. Her health was fully restored by using Dr. Hale's Household Tea, the most pleasant and most effective medicine known. 25c. and 50c. per package at Clarksville Drug Co.'s drug store, Edwin Thomas, Jr., manager.

In His New Office.

Dr. J. C. Meriwether is now located in his new office, 106 north Third street, opposite Squire Caldwell's stable, in the new Glenn building, and wants all his friends and the public generally to call on him. Dec. 5, d. f.

NORTH POLE ARGONAUTS.

Many People Ready to Search for Young John Verhooff.

LOUISVILLE, Dec. 6.—Mr. Americus Simmes call for volunteers to join the proposed expedition to set out for Greenland in search of young John Verhooff, the missing member of Peary's expedition, has already met with numerous responses. None of them were by letter. Such a method was too slow for the enthusiasts. So they came in person, eager to hear all about the voyage, and impatient to set out at once.

Business transacted in room 39 of The Courier-Journal building had to be temporarily suspended Monday in order that the North Pole argonauts might be received and interviewed. It was astonishing to find how many people were imbued with a desire to go upon this perilous journey.

MERCILESS MERSEY.

Every Soul on a Bark Perishes in Sight of Shore.

LONDON, Dec. 6.—At least twelve persons are known to have lost their lives in the foundering of the Norwegian bark Drinningen in the estuary of the river Mersey near Liverpool Tuesday. A terrific gale, a continuation of Monday's storm, was blowing, accompanied by snowfall. Suddenly the unknown vessel, which had been driven before the wind, was seen to career and sink. The people on board were seen by the horrified spectators on the banks to rush to the side just as the vessel was plunging under, but they had not time to escape and were engulfed.

Dangerous Counterfeiter Arrested.

MILWAUKEE, Dec. 6.—Fred Marsh, one of the most dangerous counterfeiters in the country, was arrested here Sunday night and is now in jail, awaiting the arrival of proper papers from California, where he is much wanted. About six months ago Marsh was at the head of a gang of Italians who were making great quantities of both silver and gold coins, and it is said not less than \$20,000 of the stuff was passed by the gang. The Italians were arrested, but Marsh escaped and the government officers have been watching for him at White Water, this state, his former home.

Terrible Storms in Hungary.

BUDA PEST, Dec. 6.—Terrible snow storms have swept over the surrounding country for the past twenty-four hours. A high wind has drifted the snow and rendered many of the roads impassable. Two children, driving a farm wagon to the city, were snowed in and were found suffocated in the drifts. Many cattle are reported to have been killed. Railroad traffic has been greatly impeded. All trains are behind time and several secondary railways are said to have been blocked entirely.

Mysterious Disappearance Explained.

MOXMOOTH, Ills., Dec. 6.—The mysterious disappearance last February of Robert H. Rankin, a wealthy stock raiser of this place, has at last been accounted for. He was knocked from a train, killed and robbed on the Chicago, Burlington and Quincy road at the Burlington bridge on the Illinois side. Dan Waters, a notorious character, was arrested last Saturday at Oklawaha, Ills., for complicity in the murder. Mr. Rankin was killed on the night of his disappearance.

Millionaire Coal Operator Dead.

PITTSBURG, Dec. 6.—Commodore Joseph Walton, the veteran millionaire coal operator, died at his residence in Allegheny at 11:30 o'clock Monday after an illness that began on Thanksgiving day. His demise came unexpectedly as he talked of coming to his office that morning. He was about seventy years of age and had been in the coal shipping business here continually since before the war. He was senior member of Joseph Walton & Company.

Youthful Train Robbers.

ST. LOUIS, Dec. 6.—At 5 o'clock Monday afternoon a Union depot car was boarded at the corner of California and Locust avenues by two boys, one of whom drew a revolver and ordered Conductor William Alexander to turn over his money (about \$60). Alexander threw him off the car and the other robber fired at Alexander, striking him in the left breast, fatally wounding him. Both boys then fled and have not yet been located.

Six-Story Building Burned. NEW YORK, Dec. 6.—Blaze started in the six-story marble front building, 35 Reade street, this city, shortly before 5 o'clock Tuesday morning. The building was very old, and particularly fitted for a bonfire. Its occupants were printers, and several of the floors were used as storage places for paper. The building was totally destroyed. It is believed the loss will reach \$50,000. Two firemen were slightly injured by a falling wall.

Had Plenty of Gall.

SPRINGFIELD, O., Dec. 6.—Samuel Shockey, a temperance evangelist and the author of a work known as "Fighting Fate," was Monday picked up by a beastly drunk and jailed. Immediately upon becoming sober he repented and is now engaged in endeavoring to convert his fellow prisoners.

Four Bridge Carpenters Killed.

DENVER, Dec. 6.—A freight train on the Burlington road broke in two near Corona, seventy miles from this city, Monday evening and a collision took place between the two parts, causing a bad wreck and killing four bridge carpenters. Their names could not be learned.

Death of an Able Lawyer.

RICHMOND, Va., Dec. 6.—Colonel M. W. Gordon, one of the ablest lawyers in Virginia and a popular citizen, is dead. Death was a complication of troubles. He was born in Essex county, Aug. 3, 1831, was a son of Dr. Thomas Christian Gordon, a prominent citizen of that county.

Colliery on Fire.

SHAMOKIN, Pa., Dec. 6.—The Fast gangway at the Sterling colliery, operated by the Reading Coal and Iron company, took fire Monday and is still burning fiercely. It is doubtful whether the fire can be quenched. About 500 men are thrown out of employment.

Bishop of St. Andrews Dead.

LONDON, Dec. 6.—The Right Rev. Charles Wadsworth, bishop of St. Andrews, Dunkeld and Dunblane, is dead.

VESSELS WITHDRAWN.

The Guion Line of Steamers Laid Up For a Month

Owing to Restrictions Placed by the Treasury Department on Immigrant Ships.

Special to the Leaf-Chronicle.]

NEW YORK, Dec. 7.—With the departure of the Guion Liner "Wyoming" to-day that company withdraws its vessels from the New York route for at least a month and possibly for longer. It is altogether owing to the restrictions placed by the treasury department on ships having immigrants on board. Other lines have also been reducing the number of steamships for the winter season. The Norddeutscher Lloyd has discontinued for the present the Saturday service to Southampton, but a steamer leaves every Tuesday. The White Star Steamship Majestic, which leaves New York on December 14th, will be laid off to be overhauled in Liverpool, and the Adriatic will take her place. The Teutonic will also be laid off later. The Cunarder Servia, which leaves this port for Liverpool Saturday will be overhauled in Liverpool, and the Gallia will leave that port for New York in place of the Servia on December 10. In place of the Aurania, to be laid off in Liverpool later in the month, the Bothnia will leave there on December 24th. The Andor liner Circassia, which was to have left Glasgow on November 10, has been held there, and no steamer of this line will leave New York next Saturday, the regular sailing day.

The City of Rome is also to be laid off. The Hamburg line has practically discontinued its steamships in Southampton, and the best three vessels in the line are placed in the service to Genoa, Italy. Steamship agents attribute these changes to the winter season's dullness, and as a class they are loath to admit that the twenty days' quarantine here has nothing to do with it. It is not denied, however, that every effort is being made to have this order modified, if not abolished.

Big Excitement in Town

Over the remarkable cures by the greatest specific of the age, Aunt Fanny's Health Restorer, which acts as a natural laxative, stimulates the digestive organs, regulates the liver and kidneys and is nature's great healer and health renewer.

If you have Kidney, Liver or Blood disorder do not delay, but call at Tudhope Drug Co.'s drug store for a free trial package. Large size 50c.

Ladies' Auxiliary.

The Ladies' Auxiliary of the Y. M. C. A. will meet in the association rooms to-morrow evening at 8:30 o'clock. All members are urged to attend.

Mile's Nerve and Liver Pills.

The best place to buy your dry goods, shoes, clothing, ladies' and gentlemen's furnishings of all grades, hannels, comforts, blankets, hosiery, and a nice line of carpets at E. Glick's, where you can get the best bargains, 109 Franklin street. n18,d&wlm

My physicians said I could not live, my liver out of order, frequently vomited greenish mucus, skin yellow, small dry humors on face, stomach would not retain food. Burdock Blood Bitters cured me. Mrs. Adelaide O'Brien, 372 Exchange St., Buffalo, N. Y.

For Sale.

I wish to sell my place on the Edmondson Ferry road, about 100 yards from the terminus of street car line, containing six acres, good house and eastern, orchard and small fruits. For terms apply to me on the place. dec7,d2t,sw4t. MRS. A. E. LEWIS.

Would you ride on a railroad that uses no danger signals? That cough is a signal of danger. The safest cure is Dr. Wood's Norway Pine syrup. Sold by all dealers on a guarantee of satisfaction.

Weak women and weak children can take Dr. Monchek's Argue Cure for Chills and Fever and scarcely know it is medicine. No Cure! No Pay! No Taste. Sold by Owen & Moore.

ORGAIN-LYLE.

The Approaching Nuptials of a Popular Clarksville Couple.

Mr. Rice Orgain and Miss Willie Lyle will be united in marriage at the residence of the bride-elect's mother, Mrs. W. J. Lyle, 311 West avenue, next Wednesday morning, Dec. 14, at 9:30 o'clock, Rev. J. G. Rice officiating.

The contracting parties are popular with a wide circle of friends, and will be congratulated on their union. Mr. Orgain has lived in Clarksville since he was a boy in his teens, and has made a record for social and business integrity that is rarely attained by one so young in years. For several years he was employed as salesman for Martin L. Cross, and made a good man in this capacity, winning the confidence of both his employer and the public. He remained with Mr. Cross until the stock was sold to the present firm, Daly, Pearce & Green, taking at that time a position with M. A. Stratton, where he remained until he accepted a traveling position with a Boston shoe firm. When the Southside Mercantile Company was organized Mr. Orgain cast his fortunes with this firm and is conducting a lucrative business for them at Lone Oak, on the Mineral road. He is a young man of sterling character and is well worthy the prize he has won in the matrimonial field.

Miss Willie Lyle is the third daughter of Mrs. W. J. Lyle, and is possessed of one of those sweet dispositions which makes a woman popular. She will make Mr. Orgain a model wife, aiding him in his fight for competency. The couple will reside at Lone Oak, where Mr. Orgain will soon erect a cosy cottage.

Surprising Testimony.

Many physicians who have examined into the merits of B. B. B. (Bottan Blood Balm), have been confronted with testimony which they deemed surprising, and thus being convinced of its wonderful efficacy, have not failed to prescribe it in their practice as occasion required.

H. L. Cassidy, Kennesaw, Ga., writes: "For two years my wife was a great sufferer. Skilful physicians did her no good. Her mouth was one solid ulcer, her body was broken out in sores, and she lost a beautiful head of hair. Three bottles of B. B. B. cured her completely, incredible as it may sound, and she is now the mother of a healthy three months old baby clear from any scrofulous taint."

A. H. Morris, Pine Bluff, Ark., writes: "Hot Springs and several doctors failed to cure me of several running ulcers on my leg. B. B. B. effected a wonderfully quick cure after everything else had failed." For sale by Owen & Moore.

Annual Election.

Cumberland Lodge, Knights of Pythias, held an interesting meeting last night, and elected officers for the ensuing year as follows: Albert Rhoner, C. C.; J. R. Oldham, V. C.; Harry Pickering, Prelate; David Bloch, Master at Arms; M. W. Quarles, Master of Finance; A. Howell, Master of Exchequer; Butler Boyd, Keeper of Records and Seal; Jas. D. Tate, Master of the work.

Wanted.

Ladies and gentlemen suffering with throat and lung difficulties to call at our drug store for a bottle of Otto's Cure, which we are distributing free of charge, and we can confidently recommend it as a superior remedy for Coughs, Colds, Bronchitis, Consumption and all diseases of the throat and lungs. It will stop a cough quicker than any known remedy. We will guarantee it to cure you. If your children have croup or whooping cough it is sure to give instant relief. Don't delay, but get a trial bottle free. Large size 50c. Sold by Tudhope Drug Co.

Send Us Your Bibles.

Persons making presents of bibles or other books to their friends may have their names put thereon in gilt letters at a nominal cost, at the LEAF-CHRONICLE bindery. d,swt.

A New Light.

The new electric light at the old drill grounds of the City Guards was turned on last night, and the people of College street are thankful. This was done in compliance with the late order of the City Council.

DISCHARGED THE TRUST.

Ladies' Organ Society Makes Its Final Report.

They Have Collected One Thousand Dollars For the Organ Fund of the Methodist Church.

The Board of Stewards of the Methodist church held an important meeting last evening, among other things to hear a report from the Ladies' Organ Society of that church. Some time ago the stewards told the ladies that if they would raise \$1,000 for the organ fund of the church, they (the stewards) would see that a nice organ was purchased for the church. The ladies went to work to raise the money, and at a meeting last evening they reported the requisite amount on hand, and turned it over to the stewards.

On motion a committee was appointed to purchase the organ. This committee is composed of B. W. Macrae, A. Howell and Jno. D. Moore. The committee will at once enter upon the work of selecting an instrument.

Since the ladies have fulfilled their promise, it now devolves on the male members of the church to fulfill theirs. Much more money will have to be secured to pay for the organ, and this will be raised by popular subscription among the members of the church. To do this work the Board of Stewards appointed a committee to solicit subscriptions and ordered it to go to work at once. This committee will be calling on the members pretty soon for the balance of the money. They propose buying a fine pipe organ, of modern make, which will be an ornament to the church, and will greatly improve the music.

The Ladies' Organ Society has done well in raising their part of the money. They have not begged a cent of it, but have made it by giving suppers and other kinds of entertainments, during the past two years. The stewards did not expect them to raise the amount so soon, and were somewhat surprised when they learned that they had discharged their duty, in this respect, in so short a time. It will not be a great while before the organ will be put in the church.

American Cholera.

Daily Reveille, Whatcom, Wash.: "T. C. Barnett, the Democratic candidate for Sheriff, was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician, but give their medicine until the physician arrives. If cholera becomes prevalent in this country next summer, this preparation will be in great demand because it can always be depended upon. For sale by Owen & Moore, Druggists.

For colds, croup, asthma, bronchitis and sore throat, use Dr. Thomas' Electric Oil, and get the genuine.

Directors' Meeting.

At a meeting of the board of directors of the Y. M. C. A., held Dec. 6, considerable business was done. Special attention was given to the work of the gymnasium department, and the necessary repairs to make that department attractive were ordered. At the close of the meeting Mr. Loose stated to the board that his object in coming here was to get the association, if possible, on a good foundation. Having seen this result, he thinks that his work here is done, and feels that he should go where he may be more needed, therefore he offered his resignation, to take effect as soon as practical. Mr. Loose has so place in view, but will proceed to secure the services of a good man to succeed himself.

Mr. Loose's resignation was not accepted, but he was elected for the balance of the year to November 1, 1893, with the understanding that his resignation would be accepted when he requested if another secretary had been secured.

Pay the Price of the Royal for Royal only.

Actual tests show the Royal Baking Powder to be 27 per cent. stronger than any other brand on the market. If another baking powder is forced upon you by the grocer, see that you are charged the correspondingly lower price.
